You will be required to sign to accept the terms and conditions in this Agreement when you make the tenancy deposit on the online store. You will also be required to sign a hard copy form to accept the terms and conditions in this Agreement and the Residential Student Handbook when you move in. If the Student moves into the accommodation without signing the Tenancy Halls Agreement they will be deemed as having accepted the agreement by their actions.

**The College wishes to emphasise that places in onsite accommodation are dependent upon always upholding the Student Code of Conduct.**

**In the event of conduct not meeting the expectations of the Student Code of Conduct, the College reserves the right to terminate this agreement with immediate effect.**

2. This accommodation agreement is valid from the date of signing and for the remainder of the full academic year.

Should a student wish to terminate their accommodation agreement before the end of the academic year but stay on their course, they must give 4 full weeks written notice by email to the college accommodation team [accommodation@sparsholt.ac.uk](mailto:accommodation@sparsholt.ac.uk) and will be charged an early release fee of £300 in addition to the 4 full weeks notice. The full early release fee may not be charged in the event that all our rooms have been let and if a suitable replacement can be found for the room.

If notice is not given, the start of the notice period is deemed to be the date at which the College becomes aware that the student intends to move out of their accommodation. The full early release fee may not be charged in the event that all our rooms have been let and if a suitable replacement can be found for the room.

If a student withdraws from their course, any right to accommodation is immediately forfeited. An amount equivalent to 4 full weeks notice plus the early release fee of £300 will be charged. The full early release fee may not be charged in the event that all our rooms have been let and if a suitable replacement can be found for the room.

If a student chooses to leave their accommodation after the Easter break, or does not return after the Easter break, full fees are applicable with no refunds available for the final term unless all rooms are let and a suitable replacement can be found for the room.

If the College asks a Student to leave accommodation they will be charged up to the week they leave the accommodation and the room has been cleared. If the room is not cleared a charge for the following 4 weeks will be applied, after this point items remaining on college premises will be disposed of and charges will stop. No further charge will be made except in relation to damages, fines, library fines and previous outstanding fees.

3. All students will be invoiced on an annual basis. The Accommodation charge (including meals) are calculated to **exclude any time away for work placement and college holiday periods**

4. Payment for accommodation is required either:

In full, on or before moving into accommodation or by paying 1 months rent and setting up a termly or monthly instalment plan via the online store before moving into accommodation

You will be required to sign to accept the terms and conditions of this agreement when you make payment on the online store.

5. No student shall be admitted into residence until receipt of the following:

- A hard copy of the signed agreement on the move in day
- Payment in full or 1 months rent and payment plan set up
- Payment of £200 tenancy deposit

If accounts are not kept up to date, accommodation may be forfeited and/or your account will be passed through to the Colleges Debt Collection agency. The College reserve the right to refuse re-entry into accommodation for subsequent terms.

6. The annual charge includes the use of the room during Reading Breaks (meals not included for these weeks). However, it does not include use of the room during the **Christmas** and **Easter** breaks or after the last day of each term. Notice must be taken of the term dates and it is a requirement that all rooms are vacated for the Christmas and Easter holiday periods. Belongings may be left in the room during the Christmas break, but rooms must be cleared completely for the Easter and Summer breaks.
7. Keys must be returned for the periods when you are not in residence – failure to do so may result in charges being levied to cover the cost of changing locks. For example when leaving for the Easter break.
8. Where students are asked to leave for disciplinary reasons, they may be required to leave the same day as the incident.
9. In cases of gross misconduct, it may be a requirement to leave accommodation on the same day as the incident.
10. In some circumstances it may be necessary to allocate a different room. If this occurs the room will be, where possible, in similar accommodation, and you will not incur any additional charge.
11. Conditions of room occupancy:

- 11.10.6 To pay costs to repair any damage in your individual study/bedroom that is not recorded on the inventory form. Room checks will take place monthly and any damages will be invoiced for. In communal areas, if responsibility cannot be attributed to a particular student, then **all** students resident in the accommodation block must accept shared responsibility.
